

## **MONITORING AND EVALUATION**

### **Outcome:**

- **Increased employment of women in the tourism sector**
- **Increased woman-owned or operated tourism enterprise**
- **Improved representation of women as stakeholders of tourism development and governance**
- **Improved productivity and incomes of woman-owned or operated enterprises**
- **Increased knowledge and skills of tourism sector employees and applied GAD tools in policy making, planning and budgeting**

### **OUTCOME INDICATORS**

#### **Entrepreneurial leadership development**

- 1. Percentage change in the number of women in management positions in tourism-related businesses and organizations**

#### **Entrepreneurial systems improvement**

- 1. Number of legislation and policies passed that consider the differential impact of the issuance on women and men, or address the social problems that may escalate with increased tourism**
- 2. Presence/absence of gender-aware organizations in policy consultations**
- 3. Number of partnerships built that enhance outreach and improve access of poor women and men to tourism resources and benefits and/or help prevent or reduce social problems that may be aggravated by increased tourism**
- 4. Presence/absence of sex-disaggregated data and gender-related information in knowledge management systems**

#### **Enterprise development**

- 1. Number of jobs created for women and men**
- 2. If the project involves the creation of groups or organizations:**
  - a. Number of members, by sex**
  - b. Number of officers of the organization, by sex**
  - c. Number of organizations that have adopted policies promoting gender equality in their organizations**
- 3. Percentage of women-owned enterprises**

#### **Capacity building program**

- 1. Proportion of women to total training participants**

### **OUTPUT INDICATORS**

- 1. Assistance in drafting of women-friendly policies at the LGU or regional level**
- 2. Representation of any of these organizations in LGU Legislative Gathering**
- 3. Orientation on the programs of other NGAs that are of benefit to women**
- 4. Sex-disaggregated data in programs implemented by DOT**

- 1. % change from baseline**
- 2. NONE**
- 3. Organizations**
  - a) % change by sex**
  - b) % change by sex**
  - c) % change in number of org**
- 4. % change in women-owned tourism enterprises**

- 1. % change in the proportion**

“

# LIST OF RESOURCE SPEAKERS

*Office of Industry Manpower Development*

”

“

## NOTE:

- List is not conclusive or limited to names included in the compendium as OIMD / ROs constantly seeks to expand the pool
- There are cases when speakers are engaged one-time or not regular as this depends on topic or expertise (e.g. AIM survey results)
- Due to the pandemic, Regional Speakers are encouraged

*Office of Industry Manpower Development*

”
